

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each global business. Transporting industrial goods occurs each day on our busy planet. Initially innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread internationally.

Initially started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM began constructing lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over fifty years of accumulated expertise and technology, TCM has been proudly manufacturing numerous models of industrial forklifts, making their models known all around the globe. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling business.
